Conference Centre**

***Estimated 7 CME Points**

Dear Sir/Madam,

It gives us great pleasure in extending you a very warm invitation to attend the **3rd Annual Women & Children Health Symposium by Medcare Women & Children Hospital** to be held on **Saturday, 19th April 2025**, at The Great Ballroom, Le Meridien Dubai Hotel & Conference Centre. The theme of the symposium is “Women's and Children's Health: Advancing Outcomes Through Surgical & Medical Synergy” and will be a form of a one-day conference from 8:00 am to 6:00 pm.

The Themes For The One-Day Symposium Are:

Session 1 - Women's Health	Session 1 – Newborn & Children's Health
Women Health Updates: Cutting-Edge Advances in Gynaecology and Oncology – 5 Topics	Evolving Paediatric Practices – 4 Topics
Session 2 – Women's Health	Session 2 – Newborn & Children's Health
Navigating Women's Health Challenges Across Life Stages - 5 Topics	Recent Updates in Paediatrics - 5 Topics
Session 3 – Women's Health	Session 3 – Newborn & Children's Health
Innovations in Modern Obstetrics - 4 Topics	Unlocking the Secrets of Paediatric Nutrition - 5 Topics
Session 4 – Common Session for Women's Health and Children's Health	
Safeguarding Women and Children Health Future- 3 Topics	

The Important Features Of The Symposium:

- Total 27 keynote lectures from distinguished doctors with diversified experience from different departments, including obstetrics & gynaecology, neonatology, paediatrics, paediatric endocrinology, paediatric surgery, paediatric gastroenterology, immunology, urology, endocrinology, toxicology, genetics and many more.
- **500 estimated medical experts from the United Arab Emirates attending the symposium.**
- 7 Estimated CME points.

Since its inception in 2023, the symposium has welcomed over 800 participants. Building on the success of past events, we are excited to announce the expansion of the 3rd Annual Women & Children Health Symposium in 2025, with the goal of reaching an even larger audience. Focused on the latest advancements in healthcare, particularly in women and children's health, this symposium seeks to bridge global health trends with emerging perspectives in these fields. As an annual event, it brings together experts to tackle the challenges in women's and children's healthcare, incorporating cutting-edge innovations and approaches to address complex medical conditions.
